Test Date:

Test Case ID#: 7

Name(s) of Tester(s):

Jian Wang

Test Description (What are you testing? – you must be specific):

Can only service providers make a diagnosis(es)?

NOTE: The following information must be provided to be given credit for any test.

Test Data (Provide the file name of the script used to insert data, provide a screen capture to reflect data, or provide script here):

insert into DEPARTMENT
values ('1', 'INTAKE');

insert into INTAKE_DEPARTMENT
values ('1','INTAKE');

insert into EMPLOYEE
values ('121','Charle', 'C', 'Andrew', '12345678', '1');

INSERT INTO SERVICE_PROVIDER
values ('121','Charle', 'C', 'Andrew', '12345678');

INSERT INTO DIAGNOSIS
values ('12312312441','nama', '12-12-2018','12-13-2018','12345678');

SQL Query(s) used for testing:
select *

from DIAGNOSIS;

We don't satisfy the requirement. Although, I have the result of diagnosis. But it is not done by service provider only. Service provider have foreign key from EMPLOYEE. EMPLOYEE have foreign key from INTAKE_DEPARTMENT. Therefore, SERVICE PROVIDE can not make DIAGNOSIS ONLY.
